### Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

### Practice 5.3

The tenure of an independent director does not exceed a cumulative term limit of nine years. Upon completion of the nine years, an independent director may continue to serve on the board as a non-independent director.

If the board intends to retain an independent director beyond nine years, it should provide justification and seek annual shareholders' approval through a two-tier voting process.

### Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

### Practice 5.5

Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background and gender.

Directors appointed should be able to devote the required time to serve the board effectively. The board should consider the existing board positions held by a director, including on boards of non-listed companies. Any appointment that may cast doubt on the integrity and governance of the company should be avoided.

### Intended Outcome

Board decisions are made objectively in the best interests of the company taking into account diverse perspectives and insights.

### Practice 5.6

In identifying candidates for appointment of directors, the board does not solely rely on recommendations from existing board members, management or major shareholders. The board utilises independent sources to identify suitably qualified candidates.

If the selection of candidates was based on recommendations made by existing directors, management or major shareholders, the Nominating Committee should explain why these source(s) suffice and other sources were not used.

| <b>Explanation for departure</b>                  | : | <p>Currently, the Board relies on recommendations from the Nomination Committee and existing Board members, management or major shareholders. The Nomination Committee is currently responsible for making recommendations (including women Directors) to the Board on the most appropriate Board size and composition, and also based on the criteria as outline in Fit and Proper Policy and annual assessment of Directors in the recruitment process. Shortlisted candidates are thoroughly assessed based on their skills, knowledge, competency, independence, integrity, character, time commitment and experience as stated in paragraph 2.20A of the Main Market Listing Requirements by Bursa Malaysia Securities Berhad in meeting the needs of the Group. The Board is satisfied with the outcomes of the evaluation of its existing Directors including the recommended candidates and is of the view that it is not necessary to appoint an independent third party to conduct the evaluation process.</p> <p>During the financial year, Ms. Phoon Yee Min and Mr. Teng Chang Yeow were proposed by the Board members to the Nomination Committee as the potential candidates for the directorship in the Company subsequent to the retirement of the four (4) long-serving Independent Directors of the Company, namely Mr. Chew Hock Lin, Dato' Ismail Bin Hamzah, Dato' Lai Chang Hun and En. W Ismail Bin W Nik. Upon deliberation and evaluation, the Board has approved the appointment of Ms. Phoon and Mr. Teng. The Board believes that Ms. Phoon and Mr. Teng will bring new perspective to the boardroom and that their expertise and experience will further enhance the core competencies of the Board. Both the appointment of Ms. Phoon and Mr. Teng as independent Non-Executive Director of the Company took effect on 30 May 2022.</p> <p>Due to the challenging market conditions and in consideration of cost</p> |

Board decisions are made objectively in the best interest of the Group taking into account diverse perspective and insights. The Board is also of the view that diversity should be in tandem with expertise, skills and experience but not gender alone. Thus, the Board is of the view that it is important to recruit and retain the best available talent regardless of gender, ethnicity and age in order to maximize the Board's effectiveness.</p> <p>The Board is aware that women's participation in decision making positions should not be focused on Board positions alone, but also be broadened to include women in senior management as the same benefits apply. The Board believes that diversity, when extended to senior management, will also serve as a talent pipeline for Board candidacy. Women representation on the Board and senior management had been taken into consideration when vacancies arise whereby Ms. Phoon Yee Min has been appointed as Independent Non-Executive Director during the financial year in place of the retired long-serving Independent Directors.</p> |

## Intended Outcome

Stakeholders are able to form an opinion on the overall effectiveness of the board and individual directors.

## Practice 6.1

The board should undertake a formal and objective annual evaluation to determine the effectiveness of the board, its committees and each individual director. The board should disclose how the assessment was carried out its outcome, actions taken and how it has or will influence board composition.

For Large Companies, the board engages an independent expert at least every three years, to facilitate objective and candid board evaluation.

*Note: For a Large Company to qualify for adoption of this practice, it must undertake annual board evaluation and engage an independent expert at least every three years to facilitate the evaluation.*

### Intended Outcome

The level and composition of remuneration of directors and senior management take into account the company's desire to attract and retain the right talent in the board and senior management to drive the company's long-term objectives.

Remuneration policies and decisions are made through a transparent and independent process.

### Practice 7.1

The board has remuneration policies and procedures to determine the remuneration of directors and senior management, which takes into account the demands, complexities and performance of the company as well as skills and experience required. The remuneration policies and practices should appropriately reflect the different roles and responsibilities of non-executive directors, executive directors and senior management. The policies and procedures are periodically reviewed and made available on the company's website.

The internal auditors report to the Audit Committee on internal audit findings and recommend remedial action plans for possible improvement for the audited areas. The highlighted internal audit findings are followed-up by the Audit Committee and the internal auditors as well to ensure the control weaknesses, if any, are properly identified and addressed by the management. During the financial year, the internal auditors reviewed the internal controls in the key activities of the Group’s major business units based on the detailed annual internal audit plan approved by the Audit Committee.</p> |  |

- whether internal audit personnel are free from any relationships or conflicts of interest, which could impair their objectivity and independence;
- the number of resources in the internal audit department;
- name and qualification of the person responsible for internal audit; and
- whether the internal audit function is carried out in accordance with a recognised framework.

### Intended Outcome

### Practice 13.4

The Chairman of the board should ensure that general meetings support meaningful engagement between the board, senior management and shareholders. The engagement should be interactive and include robust discussion on among others the company's financial and non-financial performance as well as the company's long-term strategies. Shareholders should also be provided with sufficient opportunity to pose questions during the general meeting and all the questions should receive a meaningful response.

### Intended Outcome

Shareholders are able to participate, engage the board and senior management effectively and make informed voting decisions at General Meetings.

### Practice 13.5

The board must ensure that the conduct of a virtual general meeting (fully virtual or hybrid) support meaningful engagement between the board, senior management and shareholders. This includes having in place the required infrastructure and tools to support among others, a smooth broadcast of the general meeting and interactive participation by shareholders. Questions posed by shareholders should be made visible to all meeting participants during the meeting itself.

*Note: The explanation of adoption of this practice should include a discussion on measures undertaken to ensure the general meeting is interactive, shareholders are provided with sufficient opportunity to pose questions and the questions are responded to. Further, a listed issuer should also provide brief reasons on the choice of the meeting platform.*
